EDUCATION

Certificate

Software Development Immersive

General Assembly

June 2021 – September 2021

Remote

COURSES

Web Development Fundamentals:

Unix, Git, JavaScript, HTML, CSS, jQuery,

Ajax, Authentication, Sass, Bootstrap

Express & MongoDB:

Node, MongoDB, Express API

React

CS, Python & Django:

Computer Science Basics, Python, SQL, Django

SKILLS

Programming:

JavaScript

HTML/CSS

Python (Django)

SQL

MongoDB

Mongoose

Express

jQuery

Bootstrap

React

AJAX

Axios

Other:

Photoshop

Lightroom

Excel

SUMMARY

Army veteran and full stack developer. I've worked on many different teams and with people from all over the world. I am just as comfortable leading as I am following and always look to add as much value to the team as possible. I love a good challenge and am always looking to learn and grow. My favorite thing about software development is using logic to solve problems and then making that solution look amazing with great design.

PROJECTS

Card PT Workout App

Creator AUG 2021

- Created the backend API using Express, Mongoose and MongoDB
- Used JavaScript, HTML/CSS and jQuery to create the responsive front end

Social Media for Musicians

Team Member / Creator AUG 2021

- Utilized pair programming to set up the MongoDB database using Mongoose and Express
- Utilized MOB programming to style our front end using REACT.
- Created our logo using Photoshop
- Conducted final QA to ensure we met all project requirements resulting in 9 overlooked requirements being found and corrected before the project deadline.

Typing Practice for Coding Language Specific Syntax

Creator SEP 2021

- Used: Python (Django), PostgreSQL, JS, React, HTML/CSS

WORK EXPERIENCE

US Army 2010 - Current

Training Manager (D Troop, 2nd Squadron, 15th Cavalry Regiment)

AUG 2019 - Current / Fort Benning, GA

- Tracked training status of 600+ trainees over 4 training cycles to determine progression and retainability.
- Enabled the organization to reduce manning in the Training Management Department down to one person by using my knowledge of technologies such as Excel, Word and Adobe to streamline the organization's processes including training tracking systems, trainee transition to full time employment, retraining and termination processes, and employee record management systems.

Senior Team Lead (HHC, 3rd Battalion 15th Infantry Regiment)
JUL 2017 – AUG 2019 / Fort Stewart, GA

- Managed a team of 12+ made up of two shift leaders and 10+ junior employees, with oversight of scheduling, daily tasks, physical training, equipment maintenance and training management, planning and execution.
- Mentored 6+ subordinate leaders through verbal and written counseling and training.
- Advised senior leaders during operation planning, delegation and execution.

Operations Assistant Manager (7th Infantry Division)
SEP 2016 – JUL 2017 / Fort Lewis, WA

- Tracked all training and deployments for 8 Brigades
- Ensured proper maintenance of 15+ vehicles
- Facilitated three meetings a week for senior leaders, ensuring all information from all 8 Brigades was current.

Security Specialist & Maintenance Manager (7th Infantry Division)
MAR 2015 – SEP 2016 / Kandahar Airfield, Afghanistan

- Trained and managed 3 iterations of Romanian security forces to secure the organization's compound
- Managed all maintenance requests and oversaw work order completion by foreign nationals on all the organizations facilities made up of 25 office buildings and two security checkpoints.

Team Leader (A Troop, 3rd Squadron, 38th Cavalry Regiment)
SEP 2013 – MAR 2015 / Fort Lewis, WA

- Managed a team of 6+ made up of two shift leaders and 4+ junior employees with oversight of scheduling, daily tasks, physical training, equipment maintenance and training management, planning and execution.
- Mentored 2+ subordinate leaders through verbal and written counseling and training.

Shift Leader (A Troop, 3rd Squadron, 38th Cavalry Regiment)
APR 2013 – SEP 2013 / Fort Lewis, WA

- Mentored 3+ employees, developing and honing their technical and leadership skills through counseling sessions, utilizing a standard counseling form.
- Oversaw daily tasks for a team of three including, vehicle and weapon maintenance, skill building, physical training and personal readiness management.
